## Seaside Harmony

Project developed in collaboration with the interior design studio **FANAJŁO Home Design Decor**.

**Katarzyna Fanajlo**

”

*Creating the interior of an apartment at Essence Baltic Resort & Spa in Dziwnów, I wanted everyone who stays here to feel the closeness of the sea and the unique atmosphere of a seaside retreat. I chose a light, natural color palette complemented by accents of blue and navy – the colors of the sky and the waves.*

*The kitchenette was designed to be functional and convenient for preparing meals, while the dining area, with its large table, invites shared moments – whether it's a family dinner or evenings with friends.*

”

The project includes the finishing of apartments ranging from **38 m<sup>2</sup> to 42 m<sup>2</sup>** (2-bedroom units) with views of the pool and forest (on the seaside) as well as views of the bay.
